INDEPENDENT AUDITORS' REPORT

October 17, 2023

To the Board of Trustees Mid Michigan College Harrison, Michigan

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the discretely presented component unit of *Mid Michigan College* (the "College"), as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College, as of June 30, 2023 and 2022, and the respective changes in financial position, and, where applicable, cash flows thereof, for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Implementation of GASB Statement No. 96

As described in Note 1, in fiscal 2023, the College implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, effective July 1, 2021. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the schedules for the pension and other postemployment benefits plans, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the combining statement of net position and the combining statement of revenues, expenses, transfers and changes in net position, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated October 17, 2023, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Rehmann Loham LLC

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

The discussion and analysis of Mid Michigan College's (the "College" or "Mid") financial statements provides an overview of the College's financial activities for the years ended June 30, 2023, 2022 and 2021. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of the information rests with the College's management.

Using the Financial Report

This financial report includes the report of independent auditors, management's discussion and analysis, the basic financial statements, and notes to the financial statements. The basic financial statements consist of the statement of net position, the statement of revenue, expenses, and changes in net position, and the statement of cash flows. Following the basic financial statements and notes are required supplementary schedules for pension and other postemployment benefits required by GASB 68 and 75 and other supplementary information containing the combining statement of net position and the combining statement of revenue, expenses, transfers, and changes in net position as of and for the year ended June 30, 2023.

The College's financial statements include all assets and liabilities using the accrual basis of accounting. All revenue and expenses are recorded as incurred regardless of when cash is received or paid. Revenue and expenses are separated into categories of operating and nonoperating.

Under the provision of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus,* the Mid Michigan College Foundation (the "Foundation") has been determined to be a component unit. Accordingly, the Foundation is discretely presented in the College's financial statements. Refer to Notes 3, 11, 12, 13 and 14 to the financial statements for information regarding the Foundation.

Financial Highlights

The College's financial position remained strong at June 30, 2023 with assets of \$75.7 million, deferred outflows of resources of \$13.1 million, liabilities of \$47.1 million, deferred inflows of resources of \$12 million, and overall positive net position of \$29.7 million.

The net pension liability was \$24.6 million at June 30, 2022 and increased to \$36.1 million at June 30, 2023. The net other postemployment benefits ("OPEB") liability was \$1.5 million at June 30, 2022 and increased to \$2.1 million at June 30, 2023.

Total capital expenditures during 2023 were \$1.6 million. Additional information about capital additions is included in the capital asset section of this discussion as well as in the footnotes to the financial statements.

The Statement of Net Position and the Statement of Revenue, Expenses, and Changes in Net Position

The statement of net position and the statement of revenue, expenses, and changes in net position report information on the College as a whole. These statements report the College's financial position as of June 30, 2023 and changes in net position for the year then ended.

Management's Discussion and Analysis

Statement of Net Position

Total net position at June 30, 2023, 2022 and 2021 is \$29.7 million, \$27.1 million, and \$21.8 million, respectively. The College's statement of net position at June 30 is summarized as follows:

| | 2023 | 2022 | 2021 |
|----------------------------------|---------------|---------------|---------------|
| | 2025 | LVLL | 2021 |
| Current and other assets | \$ 31,630,531 | \$ 30,825,785 | \$ 29,572,619 |
| Capital assets, net | 44,047,628 | 45,050,238 | 45,839,840 |
| Total assets | 75,678,159 | 75,876,023 | 75,412,459 |
| | | | |
| Deferred outflows of resources | 13,086,491 | 6,665,234 | 10,319,477 |
| | | | |
| Long-term liabilities | 43,845,055 | 32,059,583 | 50,190,464 |
| Other liabilities | 3,236,088 | 3,027,386 | 3,400,989 |
| Total liabilities | 47,081,143 | 35,086,969 | 53,591,453 |
| | | | |
| Deferred inflows of resources | 11,972,936 | 20,333,404 | 10,300,224 |
| | | | |
| Net position | | | |
| Net investment in capital assets | 38,141,755 | 38,982,425 | 39,502,631 |
| Restricted | 7,286 | 13,641 | 7,929 |
| Unrestricted | (8,438,470) | (11,875,182) | (17,670,301) |
| Total net position | \$ 29,710,571 | \$ 27,120,884 | \$ 21,840,259 |

The primary changes in the assets and liabilities of the College between 2023 and 2022 are as follows:

- Current and other assets increased from prior year by \$805,000 due in part to the purchase of long-term investments.
- Capital assets decreased from prior year by \$1 million primarily due to fixed asset depreciation of \$2.3 million offset by additions of \$1.6 million.
- Long-term liabilities increased \$11.8 million due to increases in the net pension and OPEB liabilities.
- Other liabilities increased \$209,000 due in part to increases in accounts payable and retainage payable for the Mt. Pleasant maintenance building project.
- Overall net position increased \$2.6 million.

The primary changes in the assets and liabilities of the College between 2022 and 2021 are as follows:

- Current and other assets increased from prior year by \$1.3 million due in part to additional receipts of CARES HEERF grants.
- Capital assets decreased from prior year by \$790,000 due in part to the sale of the Pickard Building in Mt Pleasant.
- Long-term liabilities decreased \$18.1 million due to decreases in the net pension and OPEB liabilities.
- Other liabilities decreased \$374,000 due to a decrease in accounts payable of \$527,000 offset by an increase in accrued liabilities of \$165,000.
- Overall net position increased \$5.3 million.

Management's Discussion and Analysis

Statement of Revenue, Expenses, and Changes in Net Position

The following is a comparative analysis of components of the revenue, expenses, and changes in net position for the years ended June 30, 2023, 2022 and 2021:

| | 2023 | 2022 | 2021 |
|---|-----------------------------|-----------------------------|-----------------------------|
| Total operating revenue Total operating expenses | \$ 13,364,526 27,874,196 | \$ 13,067,703 31,355,440 | \$ 13,294,668 30,320,141 |
| Net operating loss | (14,509,670) | (18,287,737) | (17,025,473) |
| Net nonoperating revenue | 17,099,357 | 23,568,362 | 19,646,813 |
| Change in net position | 2,589,687 | 5,280,625 | 2,621,340 |
| Net position – beginning of year | 27,120,884 | 21,840,259 | 19,218,919 |
| Net position – end of year | \$ 29,710,571 | \$ 27,120,884 | \$ 21,840,259 |

Operating Revenue

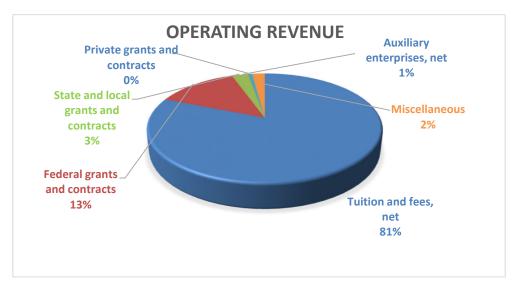

Operating revenue includes charges for all exchange transactions such as tuition and fees, the sale of books and supplies, and certain federal, state, and private grants that were considered a contract for services. Operating revenue consisted of the following:

| | 2023 | 2022 | 2021 |
|--------------------------------------|------------------|------------------|------------------|
| | | | |
| Tuition and fees, net | \$ 10,834,988 | \$ 10,638,736 | \$ 10,717,261 |
| Federal grants and contracts | 1,798,617 | 1,492,572 | 1,223,752 |
| State and local grants and contracts | 368,493 | 265,070 | 142,080 |
| Private grants and contracts | 8,950 | 3,250 | 67,340 |
| Auxiliary enterprises, net | 76,429 | 511,042 | 985,172 |
| Miscellaneous | 277,049 | 157,033 | 159,063 |
| Total operating revenue | \$ 13,364,526 | \$ 13,067,703 | \$ 13,294,668 |

2022-2023 operating revenue increased overall when compared to the prior year. Although we saw a decrease in auxiliary revenue resulting from outsourcing bookstore operations to Barnes & Noble, we saw increases in all other operating areas due in part to an increase in tuition rates and additional technical workshops made possible by the Going Pro and Regional Talent Innovation grants received by area employers.

Management's Discussion and Analysis

2021-2022 operating revenue decreased when compared to the prior year mostly due to the outsourcing of our bookstore operations to Barnes & Noble.

The following is a graphic illustration of operating revenues for fiscal year 2023:

Operating Expenses

Operating expenses represent the costs necessary to provide services and conduct the programs of the College. Operating expenses consisted of the following:

| | 2023 | 2022 | 2021 |
|-------------------------------|------------------|------------------|------------------|
| Instruction | \$ 9,271,148 | \$ 8,009,360 | \$ 10,009,872 |
| Public service | 1,276,661 | 1,080,092 | 1,052,884 |
| Instructional support | 1,797,901 | 1,516,592 | 1,955,550 |
| Student services | 5,544,838 | 11,343,527 | 7,267,865 |
| Institutional administration | 3,545,267 | 3,567,079 | 3,862,498 |
| Operation and maintenance | | | |
| of physical plant | 2,368,183 | 2,008,761 | 2,157,805 |
| Information technology | 1,724,721 | 1,381,615 | 1,471,526 |
| Depreciation and amortization | 2,345,477 | 2,448,414 | 2,542,141 |
| Total operating expenses | \$ 27,874,196 | \$ 31,355,440 | \$ 30,320,141 |

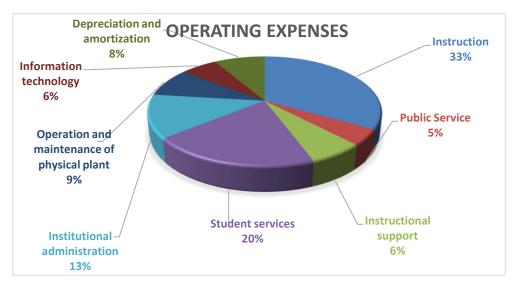

Management's Discussion and Analysis

2022-2023 operating expense changes were the result of the following factors:

- Instructional expenses increased \$1.3 million primarily due to salary and fringe benefit costs increases along with an increase in UAAL allocations as a result of GASB 68 and 75.
- Instructional support expenses increased \$281,000 primarily due to a reduction in the amount of expenses covered by the HEERF grant from 2021-22 levels.
- Student services expenses decreased \$5.8 million due primarily to the absence of HEERF disbursements to students.
- Operation and maintenance of physical plant increased \$359,000 due primarily to the purchase of contracted services for prospective athletic facilities offset by the reduction of expenses covered by HEERF grant funds from prior year.

2021-2022 operating expense changes were the result of the following factors:

- Instructional expenses decreased \$2.0 million primarily due to a reduction in UAAL allocations as a result of GASB 68 and 75.
- Instructional support expenses decreased \$439,000 primarily due to a reduction in UAAL allocations as a result of GASB 68 and 75.
- Student services expenses increased \$4.1 million due primarily to CARES HEERF emergency grant disbursements to students of \$5.5 million this year versus \$1.2 million in prior year. Outside of the HEERF disbursements, student services expenses decreased \$500,000 due to a reduction in UAAL allocations as a result of GASB 68 and 75.
- Operation and maintenance of physical plant decreased \$149,000 due primarily to a reduction of \$270,000 in UAAL allocations as a result of GASB 68 and 75 and an increase of \$90,000 for sealcoating of campus parking lots.

The following is a graphic illustration of operating expenses for the year ended June 30, 2023:

Management's Discussion and Analysis

Nonoperating Revenue

Nonoperating revenue represents all revenue sources that are primarily nonexchange in nature. They consist primarily of state appropriations, Federal Pell grant revenue, property tax revenue, investment income (including realized and unrealized gains and losses), and Federal CARES Act funding.

Nonoperating and other revenue was composed of the following:

| | 2023 | 2022 | 2021 |
|---|------------------|------------------|------------------|
| | 2023 | 2022 | 2021 |
| State appropriations | \$ 5,864,784 | \$ 5,854,658 | \$ 5,613,299 |
| Federal Pell grant | 4,685,554 | 4,637,386 | 4,573,645 |
| Federal Higher Education Emergency Relief | | | |
| Fund grants | 2,068,939 | 8,514,391 | 5,962,052 |
| Federal Coronavirus Relief Fund grants | - | - | 581,000 |
| Property taxes | 4,150,845 | 3,872,237 | 2,534,971 |
| Gifts | 231,855 | 234,669 | 240,789 |
| Investment income (loss), net | 93,676 | (694,929) | (107,985) |
| Other revenue (expense), net | 152,793 | 1,262,599 | 318,930 |
| Interest on capital asset-related debt | (119,650) | (126,250) | (143,004) |
| Gifts (to) from Mid Michigan College Foundation | (29,439) | 13,601 | 73,116 |
| | \$ 17,099,357 | \$ 23,568,362 | \$ 19,646,813 |

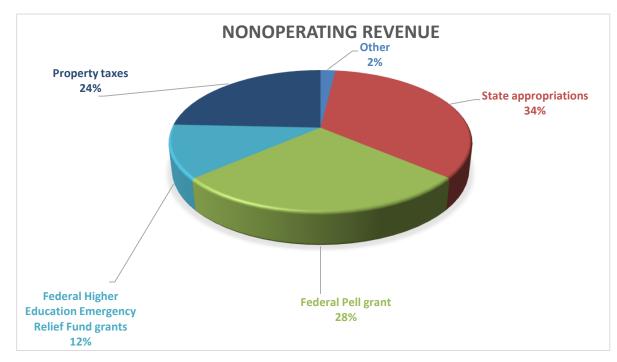

2022-2023 nonoperating significant revenue changes were the result of the following factors:

- State appropriations revenue increased \$214,000 due to a 3% budgeted increase but was offset by a decrease of \$203,000 due to a one-time Sec. 201e operating supplement in prior year.
- Federal Pell increased \$48,000 due to a slight increase in the number of enrolled students eligible for grant funding.
- The College spent \$2.1 million in federal funding that was awarded in response to the COVID-19 pandemic.
- Gifts and transfers between the College and the Foundation decreased \$43,000 due to the reduction in transfers from the Foundation to the College for staff support.
- Other revenue decreased \$1.1 million due to the prior year sale of the College's Pickard building in Mt. Pleasant.

2021-2022 nonoperating and operating significant revenue changes were the result of the following factors:

- State appropriations increased \$241,000 due to a budgeted increase in state appropriations.
- Federal Pell increased \$64,000 due to a slight increase in the number of enrolled students eligible for grant funding.
- The College spent \$8.5 million in federal funding that was awarded in response to the COVID-19 pandemic.
- Property tax revenue increased \$1.3 million due to the annexation of Mt. Pleasant school district.
- Gifts and transfers between the College and the Foundation decreased \$60,000 due to the reduction in transfers from the Foundation to the College for staff support.
- Other revenue increased \$944,000 due to the sale of the College's Pickard building in Mt. Pleasant.

Management's Discussion and Analysis

The following is a graphic illustration of nonoperating and other revenue for the year ended June 30, 2023:

Statement of Cash Flows

The primary purpose of this statement is to provide relevant information about the cash receipts and cash payments of an entity during a period. The statement of cash flows also helps assess an entity's ability to generate net cash flows from operations, its ability to meet its obligations as they come due, and its needs for external financing.

For 2022-2023, net cash used in operating activities totaled \$14.9 million. This was financed by \$16.8 million of net cash flows from noncapital financing activities such as property taxes, Federal Pell grants, Federal HEERF grants, and state appropriations. Net cash used in capital and related financing activities totaled \$2 million during 2023, including \$1.6 million in capital additions and long-term debt principal and interest payments of \$451,000 for the year. Net cash used in investing activities totaled \$926,000. The net result of all cash flows is a decrease in cash of \$1.1 million.

For 2021-2022, net cash used in operating activities totaled \$19.5 million. This was financed by \$27.8 million of net cash flows from noncapital financing activities such as property taxes, Federal Pell grants, Federal HEERF grants, and state appropriations. Net cash used in capital and related financing activities totaled \$633,000 during 2022, including \$1.7 million in capital additions and long-term debt principal and interest payments of \$446,500 for the year. Net cash used in investing activities totaled \$128,000. The net result of all cash flows is an increase in cash of \$7.5 million.

Management's Discussion and Analysis

Capital Asset and Debt Administration

Capital Assets

The College had \$44 million, \$45.1 million, and \$45.8 million invested in capital assets, net of accumulated depreciation of \$45.3 million, \$43 million, and \$40.9 million at June 30, 2023, 2022 and 2021, respectively. Depreciation charges totaled \$2.3 million, \$2.4 million, and \$2.5 million, respectively, for the years then ended.

<u>Debt</u>

As of June 30, 2023, 2022 and 2021, the College had \$5.7 million, \$6 million, and \$6.3 million in debt, respectively, primarily consisting of bonds outstanding.

General Obligation Limited Tax Bonds, Series 2020, were issued in February 2020 for the purpose of paying part of the costs of constructing renovations to the main instructional building on the College's Harrison Campus and financing the Bonds.

Standard & Poors Global Ratings assigned a municipal bond rating of "AA" to the most recent Bonds and Moody's Investors Service assigned its underlying rating of "Aa3" to the same issue of Bonds.

A municipal bond insurance policy was issued by Build America Mutual Assurance Company (BAM) to insure the Bonds.

Economic Factors That Will Affect the Future

The economic position of Mid Michigan College (the "College" or "Mid") is driven by three revenue streams: its State of Michigan appropriation, in-district property taxes, and student tuition and fees.

The table below compares these sources within a 10-year period; 2011-12 and 2021-22 (this is the most recent year for which a full set of ACS data is available). In addition to the total number, the table shows revenue and spending per Fiscal Year Equated Student (FYES), a standardization factor equivalent to the number of credit hours divided by 30 (the number required in a semester to complete an Associate's degree within two years).

Management's Discussion and Analysis

Increased Reliance on Tuition and Fees

Shown below, the College's three major revenue streams have changed over the last ten years. State appropriations increased 27% while property tax revenue increased 73%, due primarily to the annexation of the Mt. Pleasant school district. The increases in revenue combined with the decreased number of students over the ten-year period resulted in a 112% and 191% increase in state appropriations and property tax revenue per FYEs, respectively.

| | 2011-2012 | 2021-2022 | % Change |
|----------------------------------|------------|------------|----------|
| | | | |
| FYES | 3,191 | 1,904 | -40% |
| State Appropriations (less UAAL) | 4,266,800 | 5,420,130 | 27% |
| State Aid/FYES | 1,337 | 2,834 | 112% |
| Property Tax Revenue | 2,232,050 | 3,872,237 | 73% |
| Property Tax/FYES | 699 | 2,034 | 191% |
| Tuition & Fee Revenue | 18,542,971 | 13,976,932 | -25% |
| Tuition & Fee/FYES | 5,811 | 7,341 | 26% |
| Total Operating/FYES | 7,978 | 13,252 | 66% |
| Expenditures/FYES | 6,707 | 12,905 | 92% |
| In-District Tuition | 8 | 137 | 56% |
| Out-District Tuition | 161 | 229 | 42% |
| Average In-District Tuition | 86 | 124 | 44% |
| Average Out-District Tuition | 141 | 203 | 44% |
| | | | |

The College has balanced its budget over the last ten years by a greater reliance on student tuition and fees. This was achievable, in part, when enrollment spiked between 2009 and 2013; clearly, more students generated more tuition and fees. However, the balanced budget has also been achieved by significant increases in tuition and fees (56% for in-district; 42% for out-of-district students.) The in-district increases were above the average of 44% for Michigan community colleges during the same period but the out-of-district increases were below the state average of 44%

During this ten-year period, despite the increase in tuition rates, tuition and fee revenue fell 25% while tuition and fee revenue per FYES increased 26%. The College's expenditures per FYES increased 92% due largely to additional instructional technology and increases in salary and fringe benefit costs.

Enrollment Challenges and Strategies

The considerable reliance on tuition and fee revenue creates analogous pressure to increase enrollment. As shown above, the 40% decline in enrollment between 2012 and 2022 was followed by a further enrollment decline between the Fall 2022 and Fall 2023 Semesters.

Management's Discussion and Analysis

Demographically, the College is facing a shrinking population of high school students. High school students have comprised most of the College's prospective student base. In anticipation of further declines, the College has expanded its dual enrollment offerings in high schools in the surrounding regions. This includes approximately 17 off-site locations across the area. Mid is one of the only three public community colleges in Michigan to be accredited by the National Alliance for Concurrent Enrollment Programs.

In addition to the expansion of dual enrollment, the College engaged in a robust strategic planning process that included significant feedback from the communities we serve. Among other target areas, this plan includes renewed efforts to attract and retain adult learners, including veterans, those with some college credits but no degree, and those who can apply short-term industry-based certificates toward an associate degree program.

The Retention and Completion Agenda

The College has made a concerted effort to improve the completion rates for its certificates and degree programs. Not only is this beneficial to the College's enrollment profile, but it is better yet for the economic vitality of the individuals involved and the communities in which they live. In this regard, the College's efforts have been evidencebased and built on national, state, and local data. Several examples are worthy of note and carry financial ramifications. The College has successfully pursued a number of grants, including Title III, TRiO, and the Adult Student Success grant, which have added mentors, reduced caseloads, and provided additional supports for students. There has also been a significant investment in technology to support recruiting and retention functions. Most recently, the College contracted with EAB, a nationally-recognized higher education consulting and research firm, to support the development and implementation of a strategic enrollment management plan.

The Guided Pathways and Transfer initiative, conducted in collaboration with other community colleges and universities, made significant progress in this regard. Mid students can now access coherent academic plans for every department of the College. Degree completion at Mid is likely to translate into more credit hours and more tuition revenue, although reverse transfer options with partner universities can also be used to achieve this goal.

Degree and certificate completion has been boosted by the College's affiliation with the National Coalition of Certification Centers (NC3). The NC3 Affiliation has sparked an enrollment increase in the skilled trades programs and successful collaboration with the area ISDs. More than 1,315 industry-based credentials have been earned by Mid students.

Aside from the cost of attendance, students face challenges from the rising costs of textbooks. Beginning in the Fall Semester of 2016, a number of Mid faculty members began to create Open Educational Resources (OER) to supplement their courses. Students can access these materials free of charge. Since that time, Mid students have saved over \$3.3 million in textbook costs: \$0.5 million savings to students in 2020-21; \$0.5 million in 2021-22; and \$0.6 million in 2022-23. While research shows that it supports retention and completion and is a boon for students, it has had a concomitant impact on the College's auxiliary operations, especially its Bookstore. Effective October 1, 2021, the College stores are operated by Barnes & Noble College.

Management's Discussion and Analysis

"Free College"

Currently, 20 states offer some type of tuition-free program for the first two years of College. It is likely that Michigan's decentralized approach to higher education and its reliance on property-tax revenue will make the implementation of a tuition-free model more complex than in other states. Several programs including, MI-Reconnect, and Futures for Frontliners offer some form of free college in Michigan. The State's new Michigan Achievement Scholarship also makes attending a community college or university much more affordable. Mid will continue to contemplate the impact that such programs could have on its recruitment and enrollment efforts as these programs also impact the College's scholarship strategy. The College is working to strengthen its relationship with Central Michigan University (CMU) and other transfer partners as a way to create an attractive passage for students who will be able to use their tuition benefits at any community college in the state. The collaboration between Mid and CMU to develop the BSN completion program (the alignment of the transfer pathways between the two institutions) is a result of those efforts.

Futures for Frontliners

Michigan Governor Whitmer formalized the Futures for Frontliners program in September 2020. This provides educational benefits to individuals who worked frontline jobs during the peak of the coronavirus outbreak between April and June 2020. Many essential workers do not have college degrees and are likely in low-paying jobs. Giving these workers free access to higher education should give them more opportunities for higher-wage employment. Individuals who qualify are eligible for a free high school completion program, community college degree, or both. Mid had 103 students receiving funds from the program in Winter 2023. Enrollment in this program is no longer available and most of those who enrolled will be finishing their courses this year.

MI-Reconnect

Michigan Reconnect currently provides free in-district tuition for Michigan residents who are at least 25 years old, have lived in Michigan for a year or more, and have a high school diploma or equivalent but have not yet completed a college degree. The state is planning to temporarily expand the age limitations in the upcoming budget year to Michigan residents who are 21 - 24 years old, opening the door to more students. The scholarship may be used to complete an associate degree or a skill certificate program. There were 139 Mid students receiving funds from this program in the Winter 2023 semester. This is projected to have a positive impact on Mid's enrollment for the next few years.

Management's Discussion and Analysis

Expansion Efforts

In the initial authorization for the College in 1965, the Michigan Department of Public Instruction urged the College trustees to, "...take immediate appropriate steps to bring about the annexation of the Intermediate School District of Isabella County." Although the Isabella districts were not annexed, the College has maintained a strong presence in Mt. Pleasant since 1968. It began with scattered classes in schools, the hospital, and local storefronts. In 1992, the College purchased the Energy One building at 5805 East Pickard Avenue. This 57,000 square foot building became the College's base of operations until 2014 when the College consolidated its operations at its new location on the corner of Broadway and Summerton Roads in Mt. Pleasant. The out-of-district tuition from Mt. Pleasant students served as a supporting revenue stream for the College's work in the Clare and Gladwin Counties. Today, the number of Mid students from Isabella county is higher than the combined student count of Clare and Gladwin counties.

Over the years, the College has contemplated how to best balance the needs and priorities of its in-district and outof-district offerings. In 2017, the Board of Trustees authorized expansion efforts to the surrounding contiguous counties and to counties in the Thumb region (Huron, Sanilac, and Tuscola). The College has created advisory boards and built relationships in these areas in order to best identify the local needs and engender public support. In January 2021, the Board of Trustees authorized the College to place a proposal on the May 2021 special election ballot to annex the nine schools in the Gratiot-Isabella Intermediate School District along with the Chippewa Hills school district, into the College's service district. The proposal passed in the Mt. Pleasant School district, adding that school district to the College's service district. The additional revenue generated from annexing the Mt. Pleasant school district was approximately \$1.3 million for 2023. The feasibility of public support, either through long-term contractual agreements or through additional annexation efforts, will continue to be explored.

Facilities and Financing

Mid owns more than 600 acres of property and has more than 459,000 square feet in facilities. The Pickard Building, representing 57,000 square feet, was used minimally since 2014. The sale of this property in January 2022 resulted in annual cost savings of approximately \$100,000.

The College invested over \$13 million in its Harrison Campus during 2019 and 2020 to preserve the vitality of the campus and create a welcoming environment to the college community and local citizens. The renovation of the main instructional building makes it among the most energy efficient community college buildings in the state. The facilities cost savings will offset the annual debt service of the \$6,575,000 municipal bond which, along with funds from the College's building and site reserves, financed the project.

Additionally, with the creative use of CARES funding, the College has invested heavily in equipment and technology upgrades, with particular emphasis on increasing online course offerings, as well as additional upgrades in Computer Information Systems, manufacturing/robotics, and healthcare equipment. Furthermore, Mid entered into a Partnership with Lyseon Additive Manufacturing to relocate multiple industrial-sized 3D printers. All of these upgrades will enable our students to train on state of the art equipment that is highly sought after by local employers.

Management's Discussion and Analysis

In March 2023, Mid Michigan College enlisted Hobbs + Black Architecture in conjunction with Peter Basso Associates to develop a modified Campus Master Plan. The resulting report, particularly with the thorough analysis of the College's infrastructure, will prove very valuable. With the completion of the Harrison renovation, Peter Basso Associates was appointed to update the Life Expectancy Report for all mechanical systems. It is likely that the next major facilities' initiative will be distributed across both the Mt. Pleasant and Harrison campuses as the college seeks funding to expand its Technical Training Centers. A new maintenance facility is currently under construction in Mt. Pleasant that will allow space in the Morey Tech Center to facilitate the addition of an Advanced Manufacturing Center.

Personnel

The College has collective bargaining agreements with two of its employee groups. The Employee Support Personnel Association agreement expires June 30, 2024. The Faculty Senate ratified a two (2) year contract which expires August 19, 2024.

The College is currently staffed at a significantly higher level than it was in 2004-05 when enrollment was at a similar level. However, an expanded physical footprint, the growth of instructional technology, and an increased emphasis on federal and state compliance issues have created a new set of human resource needs.

In January 2016, in an attempt to better control cost increases, the College moved to self-funding employee healthcare. The College is partnering with Advantage Benefits Group (ABG) and Blue Cross/Blue Shield to administer the plan, which is currently reinsured with a \$35,000 per member stop-loss plan. The purpose of stop-loss insurance is to limit the risk of exposure to the College. The claims and costs activity has been positive thus far and the College's health care reserve amount is close to \$.5 million. This is a reasonable cushion should the claims experience change in the coming years. With the continuing uncertainty and rising healthcare costs, the College will need to remain vigilant in monitoring costs, cost-saving opportunities, and supporting employee wellness.

Most College employees participate in the Michigan Public School Employees' Retirement System (MPSERS), with employer contributions mandated by the State. Contribution rates have risen significantly in recent years to fund retiree healthcare benefits and the unfunded pension liability. Employer contribution rates range from 26.31% - 30.16%, depending on the plan in which employees are enrolled. When applied to the College's total payroll, this represents a sizeable commitment. The 17% EDUStaff benefit load represents a significant cost savings for the College and has enabled compensation increases for the individuals working through EDUStaff.

Management's Discussion and Analysis

Budget Projections

The demographic shifts in Michigan, the enrollment trend at Mid, and the general uncertainty resulting from the COVID-19 pandemic indicate enrollment challenges for the future. However, the State of Michigan has introduced new programs to offset the cost of college tuition for the next few years. All things taken into consideration, the College's 2023-24 budget was developed assuming a 2.0% enrollment increase. The College Board of Trustees approved an across-the-board tuition rate increase of 4.2% per contact hour effective with the 2023 fall semester. State Appropriations for 2023-24 increased 4% over prior year levels. The final Fall 2023 enrollment levels were down 0.3% from 2022. The 2023-24 budget will be evaluated and revised, if necessary, when the final Winter 2024 enrollment data is available. Any budget revisions will be presented for Board approval in February of 2023.

The revenue loss in the 2021, 2022 and 2023 fiscal years resulting from the COVID-19 disruption on activities and enrollment were generally offset by the infusion of federal funds through the CARES Act and HEERF.

The annexation of the Mt. Pleasant School District is a first step in stabilizing the College's revenue during times of enrollment decline. The College continues to explore new programmatic opportunities and expansion efforts in order to generate greater enrollment and community support to meet future financial concerns.

Notes to Financial Statements

1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Mid Michigan College (the "College") is a Michigan community college whose financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as applicable to public colleges and universities outlined in Governmental Accounting Standards Board (GASB) Statement No. 35 and the *Manual for Uniform Financial Reporting – Michigan Public Community Colleges, 2001.* The College reports as a business-type activity, as defined by GASB Statement No. 35. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

The College's financial statements have been prepared in accordance with GASB 61, *The Financial Reporting Entity Omnibus*, which requires examination of significant operational or financial relationships with the College. Based on the application of the criteria, the College has one component unit. A component unit is a separate legal entity that is included in the College's reporting entity because of the significance of its operational financial relationships with the College.

The Mid Michigan College Foundation (the "Foundation") is discretely presented as a separate component unit of the College's reporting entity (although it is legally separate and governed by its own board of trustees) because its sole purpose is to accept, collect, hold, and invest donations made for the promotion of educational and cultural activities at and on behalf of the College. The Foundation is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. Certain modifications have been made to the Foundation's financial information in the College's financial reporting entity for the presentation differences.

Risks and Economic Uncertainties

In March 2020, the World Health Organization declared the novel coronavirus outbreak (COVID-19) to be a global pandemic. The extent of the ultimate impact of the pandemic on the College's operational and financial performance will depend on various developments, including the duration and spread of the outbreak, and its impact on funders, students, employees, and vendors, all of which cannot be reasonably predicted at this time. In response to the pandemic, the College was awarded \$2,982,099 through the Federal Coronavirus Aid, Relief and Economic Security ("CARES") Act during fiscal 2020, and \$5,077,764 from the Coronavirus Response and Relief Supplemental Appropriations Act, and \$8,606,763 from the American Rescue Plan Act during fiscal 2021, collectively Higher Education Emergency Relief Fund (HEERF). The College recognized revenue from these awards of \$2,068,939 and \$8,514,391 during 2023 and 2022, respectively. While management reasonably expects the COVID-19 outbreak to negatively impact the College's financial condition, operating results, and timing and amounts of cash flows, the related financial consequences and duration are highly uncertain.

Significant Accounting Policies

Significant accounting policies followed by the College and Foundation are described below to enhance the usefulness of the financial statements to the reader.

Accrual Basis

The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis, revenue is recognized when earned and expenditures are recognized when the related liabilities are incurred and certain measurement and matching criteria are met.

Notes to Financial Statements

The Foundation reports under the provisions of Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities.* As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition and presentation features. With the exception of necessary presentation adjustments, no modifications have been made to the Foundation's financial information in the College's financial report for these differences.

Cash and Cash Equivalents

Cash and cash equivalents consist of bank demand deposits and all highly liquid investments with an initial maturity of three months or less.

Restricted cash

Restricted cash consists of deposits received from financial institutions for student private loans in which the student directly applies for the loans. The amount is considered restricted until it is applied to the student's account.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances at year end. Management provides for probable uncollectible amounts through a provision for bad debt expense when necessary and an adjustment to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to expense.

Investments

The College and Foundation carry their investments at fair value, which is determined generally by using quoted market prices. Realized and unrealized gains and losses are reflected in the statements of revenues, expenses and changes in net position as a component of investment income (loss). The Foundation's investment income (loss) is reported net of external investment expenses.

Fair Value Measurements

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants in the market in which the reporting entity transacts such sales or transfers based on the assumptions market participants would use when pricing an asset or liability. Assumptions are developed based on prioritizing information within a fair value hierarchy that gives the highest priority to quoted prices in active markets (level 1) and the lowest priority to unobservable data (level 3).

A description of each category in the fair value hierarchy is as follows:

- Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all-significant assumptions are observable in the market.
- Level 3: Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the estimates of assumptions that market participants would use in pricing the asset or liability.

For a further discussion of fair value measurements, refer to Note 3 to the financial statements.

Notes to Financial Statements

Inventories

Inventories are stated at the lower of cost or market using the first-in, first-out method.

Capital Assets and Depreciation

Capital assets are recorded at cost. Gifts of capital assets are recorded at estimated acquisition value at the time gifts are received.

Capital assets are depreciated using the straight-line method over the following useful lives:

| Classification | Estimated Useful Lives |
|--|---------------------------|
| | |
| Land improvements | 8-15 years |
| Infrastructure | 10-40 years |
| Buildings and improvements | 10-40 years |
| Equipment | 5-7 years |
| Vocational Education (Perkins) equipment | 5-7 years |
| Furniture and fixtures | 5-7 years |
| Library books | 10 years |
| Vehicles | 5-7 years |
| Computer and software | 3-5 years |

Change in Accounting Principle - College

For 2023, the College implemented Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITA)*. The standard requires recognition of certain subscription based assets and liabilities for subscriptions that previously were incurred as outflows of resources based on the payment provisions of the contract. It establishes a single model for subscription-based accounting based on the foundational principle that subscriptions are financings of the right to use an underlying asset. Under GASB 96, a subscriber is required to recognize a subscription liability and an intangible right-to-use subscription asset. The adoption of the standard effective July 1, 2021, did not have an impact on the College's basic financial statements or disclosures.

Change in Accounting Principle - Foundation

In February 2016, the Financial Accounting Standards Board ("FASB") established Accounting Standards Codification ("ASC") Topic 842, *Leases* ("ASC 842"), by issuing Accounting Standards Update ("ASU") No. 2016-02 ("ASU 2016-02"). The standard, as amended, establishes a right-of-use ("ROU") model that requires a lessee to recognize a ROU asset and lease liability on the statement of net position for all leases with a term longer than 12 months. Leases are classified as finance or operating, with classification affecting the pattern and classification of expense recognition in the statement of revenues, expenses and changes in net position.

The Foundation adopted ASU 2016-02, as amended, effective July 1, 2022. Financial information has not been updated and the disclosures required under the new standard have not been provided for dates and periods before July 1, 2022. No operating or finance lease liabilities or ROU assets were recognized upon the date of implementation or during the fiscal year ended June 30, 2023.

Notes to Financial Statements

Revenue Recognition

Student tuition and related revenues and expenses of an academic semester are reported in the fiscal year in which the program is conducted. State appropriation revenue is recognized in the period for which it is appropriated. Property taxes are recorded as revenue in the year for which taxes have been levied. Restricted grant revenue is recognized only to the extent expended. Restricted and unrestricted resources are allocated to the appropriate departments within the College that are responsible for adhering to any donor restrictions. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the College's policy is to first apply restricted net position.

Contributions of the Foundation, including unconditional promises to give in the future, are reported as unrestricted revenue when received unless use of the related assets is limited by donor-imposed restrictions. Donor promises to give in the future are recorded at the present value of estimated future cash flows. Expirations of net assets with donor restrictions (e.g., the donor-stipulated purpose has been fulfilled) are reclassified between the applicable classes of net position. Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return - are recognized when the conditions on which they depend have been met.

Scholarship Allowance

Student tuition and fee revenue, and certain other revenue from students, is reported net of scholarship allowances in the statements of revenues, expenses, and changes in net position. Scholarship allowances are the difference between the stated charge for goods and services provided by the College and the amount that is paid by the students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs are recorded as either operating or nonoperating revenue in the College's financial statements. To the extent that revenue from such programs is used to satisfy tuition and fees and other student charges, the College has recorded a scholarship allowance.

Operating and Nonoperating Revenue

Operating activities reported on the statements of revenues, expenses, and changes in net position are those activities that generally result from exchange transactions, such as payments received for providing services and payments made for services or goods received. Operating revenues of the College include activities, such as (1) student tuition and fees, net of scholarship allowances; (2) auxiliary activities; and (3) most federal, state, and local grants and nonoperating revenues of the College include activities of nonexchange transactions. Certain significant revenue streams relied upon for operations are recorded as nonoperating revenue, including state appropriations, property taxes, Federal Pell grant revenue, Federal HEERF grant revenue, and gifts.

Unearned Revenue

Tuition and fees revenue received and related to periods of instruction that will occur after June 30, 2023 and 2022, have been recorded as unearned. Grants received prior to qualifying expenses are also included in unearned revenue. Generally, the College first applies restricted resources when an expense is incurred for which both restricted and unrestricted resources are available.

Classification of Expenses

Expenses are recognized when the service is provided or when materials are received. The College and Foundation have classified expenses as either operating or nonoperating expenses according to the following criteria:

Notes to Financial Statements

Operating expenses include activities that have the characteristics of exchange transactions, such as (1) employee salaries, benefits, and related expenses; (2) scholarships and fellowships, net of scholarship allowances; (3) utilities, supplies, and other services; (4) professional fees; and (5) depreciation and amortization.

Nonoperating expenses include activities that have the characteristics of nonexchange transactions, such as interest on capital asset-related debt and other expenses that are defined as nonoperating expenses by governmental accounting standards.

Income Taxes

The Foundation is a not-for-profit organization exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and is exempt from similar state and local taxes. Although the Foundation was granted income tax exemption by the Internal Revenue Service, such exemption does not apply to "unrelated business taxable income." The Foundation has been classified as not a private foundation.

The Foundation considers whether it has engaged in activities that jeopardize its current tax-exempt status with the Internal Revenue Service. Furthermore, the Foundation determines whether it has any unrelated business income, which may be subject to federal and state income taxes.

The Foundation has evaluated fiscal years 2020 through 2023, the years which remain subject to examination by major tax jurisdictions as of June 30, 2023, for uncertain tax positions. The Foundation concluded that there are no significant uncertain tax positions requiring recognition in the Foundation's financial statements. The Foundation does not expect the total amount of unrecognized tax benefits ("UTB") (e.g. tax deductions, exclusions, or credits claimed or expected to be claimed) to significantly change in the next twelve months. The Foundation does not have any amounts accrued for interest and penalties related to UTBs at June 30, 2023 or 2022, and it is not aware of any claims for such amounts by federal or state income tax authorities.

Deferred Outflows of Resources

In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to one or more future periods and so will not be recognized as an outflow of resources (expense) until then. The College reports deferred outflows of resources for certain pension and OPEB-related amounts, such as differences between expected and actual experience, changes in assumptions, net difference between projected and actual earnings on pension and OPEB plan investments, changes in proportion and differences between employer contributions and proportionate share of contributions, and certain contributions made to the pension and OPEB plans subsequent to the measurement date. More detailed information can be found in Note 7.

Deferred Inflows of Resources

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The College reports deferred inflows of resources for certain pension and OPEB-related amounts, such as the difference between expected and actual experience, changes in assumptions, net difference between projected and actual earnings on plan investments, changes in proportion and differences between employer contributions and proportionate share of contributions, and state appropriations for pensions received subsequent to the measurement date. More detailed information can be found in Note 7.

Notes to Financial Statements

Pension and Other Postemployment Benefits ("OPEB")

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pension and OPEB, pension and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Internal Service Activities

Both revenue and expenses related to internal service activities have been eliminated.

Net Position

GASB Statement No. 35, as amended by GASB Statement No. 63, establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting into the following net position categories:

- Net Investment in Capital Assets: Capital assets, net of accumulated depreciation, unspent bond proceeds, and outstanding liabilities attributable to the acquisition, construction, or improvement of those assets.
- *Restricted Expendable*: Net position whose use by the College and the Foundation is subject to externally imposed constraints that can be fulfilled by actions of the College and the Foundation pursuant to those constraints or that expire by the passage of time.
- *Restricted Nonexpendable*: Net position subject to donor-imposed constraints that they be maintained permanently by the College and the Foundation. Nonexpendable net position includes the corpus portion (historical value) of gifts to the College's permanent endowment funds.
- Unrestricted: Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of management or the board of trustees (the "Board").

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include but are not limited to the assumptions based on historical trends and industry standards used in the actuarial valuations of the MPSERS pension and OPEB plans, the fair value of investments, and the accounts receivable allowance for bad debts.

Reclassification

Certain amounts as reported in the 2022 financial statements have been reclassified to conform with the 2023 presentation.

Notes to Financial Statements

Subsequent Events

In preparing these financial statements, the Foundation has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to June 30, 2023, the most recent statement of net position presented herein, through October 17, 2023, the date these financial statements were available to be issued. No significant such events or transactions were identified by the Foundation.

2. PROPERTY TAXES

Property tax revenue is recognized in the year for which taxes have been levied. Property taxes are levied on December 1 based on taxable values as of the preceding December 31. The taxes, which are collected and remitted to the College by townships within the College district boundaries, are collected through February 28. Uncollected real property taxes of the College are turned over to the counties in which the College is located for subsequent collection. The College is subsequently paid 100 percent of delinquent real property taxes through the counties' tax revolving funds. These payments are usually received within three to five months after the delinquency date.

During the years ended June 30, 2023 and 2022, \$1.2183 and \$1.2202, respectively, per \$1,000 of taxable property value in the College taxing district was levied for general operating purposes on all property. Total operating property tax revenue was \$4,150,845 and \$3,872,237 for the years ended June 30, 2023 and 2022, respectively.

3. DEPOSITS AND INVESTMENTS AND FAIR VALUE MEASUREMENTS

Deposits and Investments

State statutes and the College's investment policy authorize the College to make deposits in the accounts of federally insured banks, credit unions, and savings and loan associations that have offices in Michigan; the College is allowed to invest in U.S. Treasury or agency obligations, U.S. government repurchase agreements, bankers' acceptances, commercial paper rated prime at the time of purchase that matures not more than 270 days after the date of purchase, certain mutual funds, and investment pools that are composed of authorized investment vehicles. The College's deposits are in accordance with statutory authority.

Fair Value Measurements

The College and the Foundation utilize fair value measurements to record fair value adjustments to their investment securities and to determine fair value disclosures. These assets are recorded at fair value on a recurring basis.

The following is a description of the valuation methodology used for assets recorded at fair value. The description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at June 30, 2023 or 2022.

College

U.S. government obligations : Level 2 fair value measurement is based upon the closing price reported in the active market in which the individual securities are traded.

Certificates of deposit: Valued at face value plus accrued interest earned and classified as Level 2.

Notes to Financial Statements

Foundation

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Foundation at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the College and Foundation believe their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the College's investments measured at fair value on a recurring basis as of June 30:

| | Assets at Fair Value | | | | | | | | | |
|---|----------------------|----------------------|-----------------|--|-----------------|--|-------|-----------------|--|--|
| 2023 | Level 1 | | Level 2 | | Level 3 | | Total | | | |
| U.S. government obligations Certificates of deposit Total investments | \$ \$ | - | \$ \$ | 3,423,625 4,005,757 7,429,382 | \$ \$ | | - | \$ \$ | 3,423,625 4,005,757 7,429,382 | |
| | | Assets at Fair Value | | | | | | | | |
| 2022 | Level 1 | | Level 2 | | Level 3 | | | Total | | |
| U.S. government obligations Certificates of deposit | \$ | - | \$ | 3,155,738 3,254,052 | \$ | | - | \$ | 3,155,738 3,254,052 | |
| Total investments | | | | 6,409,790 | \$ | | | | 6,409,790 | |

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Foundation's investments measured at fair value on a recurring basis as of June 30:

| | Assets at Fair Value | | | | | | | | | |
|---|----------------------|-----------------------------------|----|----------------------|------------|------------------|---|-------|--|--|
| 2023 | Level 1 | | | Level 2 | Level 3 | | | Total | | |
| Mutual Funds - Fixed Income Mutual Funds - Equity | \$ | 2,371,715 3,863,142 | \$ | - | \$ | | - | \$ | 2,371,715 3,863,142 | |
| Total investments | \$ | 6,234,857 | \$ | - | \$ | | - | \$ | 6,234,857 | |
| | | | | | | | | | | |
| | | | | Assets at | Fair | Value | | | | |
| 2022 | | Level 1 | | Assets at Level 2 | Fair | Value Level 3 | | | Total | |
| 2022 Mutual Funds - Fixed Income Mutual Funds - Equity | \$ | Level 1 2,163,320 3,253,648 | \$ | | Fair \$ | | - | \$ | Total 2,163,320 3,253,648 | |

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. There is not a formal policy limiting investment maturities. See the maturity schedule for the College's investments summarized below:

As of June 30, 2023, the College had the following investments and maturities:

| | Fair Market Value | | Less Than One Year | | | 1-5 Years | (| 5-10 Years | More Than 10 Years | |
|--|-------------------------|------------------------|-----------------------|--------------|----|----------------------|----|------------------------|-----------------------|----------------|
| Certificates of deposit U.S. government obligations | \$ | 4,005,757 3,423,625 | \$ | 647,321 - | \$ | 1,937,335 612,794 | \$ | 1,421,101 1,516,311 | \$ | ۔ 1,294,520 |
| Total | \$ | 7,429,382 | \$ | 647,321 | \$ | 2,550,129 | \$ | 2,937,412 | \$ | 1,294,520 |

As of June 30, 2022, the College had the following investments and maturities:

| | Fair Market Value | | Less Than One Year | 1 | -5 Years | (| 5-10 Years | More Than 10 Years | |
|--|-------------------------|------------------------|-----------------------|----|--------------------|----|------------------------|-----------------------|--------------|
| Certificates of deposit U.S. government obligations | \$ | 3,254,052 3,155,738 | \$ 1,483,948 - | \$ | 235,675 632,107 | \$ | 1,534,042 1,726,856 | \$ | - 796,775 |
| Total | \$ | 6,409,790 | \$ 1,483,948 | \$ | 867,782 | \$ | 3,260,898 | \$ | 796,775 |

Notes to Financial Statements

Custodial Credit Risk of Bank Deposits

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be available or returned. The College's investment policy requires that financial institutions be evaluated and only those with an acceptable risk level for custodial credit risk be used for the College's deposits. As of June 30, 2023, the College's deposit balances of \$20,049,894 had \$19,448,631 of bank deposits that were uninsured and uncollateralized. As of June 30, 2022, the College's deposit balances of \$20,050,680 of bank deposits that were uninsured and uncollateralized. The College believes that due to the dollar amount of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits.

As a result, the College evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Custodial Credit Risk of Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The College's policy for custodial credit risk states that custodial credit risk will be minimized by limiting investments to the types of securities allowed by state law and by prequalifying the financial institutions, broker/dealers, intermediaries, and advisors with which the College will do business using the criteria established in the investment policy. All investments that are uninsured and unregistered are held by counterparties.

Foreign Currency Risk

There are no foreign investments held by the College.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the organization's investment in a single issuer. The College does not have a policy limiting the amount the College is allowed to invest in any one issuer; however; the College evaluates each issuer with which it invests funds and assesses the level of risk of each issuer. The College invests only in those issuers with an acceptable estimated risk level.

ACCOUNTS RECEIVABLE, NET

Accounts receivable, net consist of the following at June 30:

| | 2023 | 2022 | | | |
|--|---|------|---|--|--|
| Student Federal and state grants State appropriations Property taxes Other | \$ 356,426 1,283,839 1,296,342 111,208 487,852 | \$ | 520,778 1,037,365 1,247,958 2,898 232,033 | | |
| Total accounts receivable Less allowance for doubtful accounts | 3,535,667 (295,314) | | 3,041,032 (254,294) | | |
| Net accounts receivable | \$ 3,240,353 | \$ | 2,786,738 | | |

Notes to Financial Statements

All amounts deemed to be uncollectible are charged directly against income in the period that determination is made. Management's periodic evaluation of the adequacy of the allowance is based on the College's past collection experience, adverse situations that may affect the student's ability to repay, and current economic conditions.

5. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2023, was as follows:

| | Balance July 1, 2022 | Additions | Retirements | Transfers | Balance June 30, 2023 |
|--------------------------------|----------------------------|--------------|--------------|-----------|-----------------------------|
| Capital assets not being | | | | | |
| depreciated: | | | | | |
| Construction in progress | \$ 207,898 | \$ 893,422 | \$ (207,898) | \$- | \$ 893,422 |
| Land | 2,587,064 | | | | 2,587,064 |
| Subtotal nondepreciable assets | 2,794,962 | 893,422 | (207,898) | | 3,480,486 |
| Capital assets being | | | | | |
| depreciated: | | | | | |
| Land improvements | 1,979,447 | 192,950 | - | - | 2,172,397 |
| Infrastructure | 1,572,596 | 13,950 | - | - | 1,586,546 |
| Buildings and improvements | 66,865,095 | 159,939 | - | - | 67,025,034 |
| Equipment | 4,590,078 | 225,544 | (28,499) | - | 4,787,123 |
| Perkins equipment | 2,303,549 | 76,947 | (9,900) | - | 2,370,596 |

| Library books | 1,125,463 | - | - | - | 1,125,463 |
| Vehicles | 336,269 | - | (39,672) | - | 296,597 |
| Computer and software | 3,423,208 | | | - | 3,423,208 |
| Subtotal depreciable assets | 85,292,910 | 669,330 | (78,071) | | 85,884,169 |
| Total depreciable and | | | | | |
| nondepreciable assets | 88,087,872 | 1,562,752 | (285,969) | - | 89,364,655 |
| Less accumulated depreciation: | | | | | |
| Land improvements | 1,736,039 | 74,928 | - | - | 1,810,967 |
| Infrastructure | 1,020,102 | 57,840 | - | - | 1,077,942 |
| Buildings and improvements | 27,575,297 | 1,677,248 | - | - | 29,252,545 |
| Equipment | 3,028,184 | 310,894 | (25,099) | - | 3,313,979 |
| Perkins equipment | 1,936,501 | 127,198 | (9,900) | - | 2,053,799 |
| Furniture and fixtures | 2,873,032 | 89,495 | - | - | 2,962,527 |
| Library books | 1,125,463 | - | - | - | 1,125,463 |
| Vehicles | 319,808 | 7,873 | (31,084) | - | 296,597 |
| Computer and software | 3,423,208 | | | - | 3,423,208 |
| Total accumulated | | | | | |
| depreciation | 43,037,634 | 2,345,476 | (66,083) | - | 45,317,027 |
| Capital assets, net | \$ 45,050,238 | \$ (782,724) | \$ (219,886) | \$- | \$ 44,047,628 |

Notes to Financial Statements

Construction in progress consists solely of expenses incurred by June 30, 2023 for the construction of a new maintenance building. Management estimates the costs to complete the project to be approximately \$1,350,000.

Capital assets activity for the year ended June 30, 2022 was as follows:

| | Balance July 1, 2021 | Additions | Retirements | Transfers | Balance June 30, 2022 |

Notes to Financial Statements

The College has some property that was financed through the issuance of bonds by the State of Michigan Building Authority (SBA). The SBA bonds are secured by a pledge of rentals to be received from the State of Michigan pursuant to a lease agreement entered into among the SBA, the State of Michigan, and the College. During the lease term, the SBA will hold title to the property, the State of Michigan will make all lease payments to the SBA, and the College will be responsible for all operating and maintenance costs. At the expiration of the lease, the SBA will transfer the title of the buildings to the College. The cost and accumulated depreciation for these facilities are included in the accompanying statements of net position.

6. LONG-TERM OBLIGATIONS

Bond principal and interest are payable from the proceeds of ad valorem taxes levied on all taxable properties in the College's taxing district without limitation as to rate or amount.

2020 General Obligation, Limited Bond

In February 2020, the College issued \$6,575,000 of 2020 community college facilities general obligation limited bonds for the Harrison campus renovation. The bonds bear interest ranging from 2.00 to 2.25 percent and require semi-annual payments of \$330,000 through 2040.

Notes to Financial Statements

Debt Maturity

Total principal and interest maturities on the bond obligations as of June 30, 2023 are as follows:

| | Debt Obligations | | | | | | |
|----------------------|------------------|-----------|----------|---------|----|-----------|--|

7. RETIREMENT PLAN

Defined Benefit Plan

Plan Description

The Michigan Public School Employees' Retirement System (the "System" or "MPSERS") is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (the "State") originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available at the ORS website at www.michigan.gov/orsschools.

Notes to Financial Statements

Pension Benefits Provided

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

A DB member plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

Participants in the defined contribution plan consist of one of the following: (1) members who worked for a Michigan public school on or after September 4, 2012 and elected to be enrolled in the defined contribution plan; (2) members who elected to transfer from the defined benefit plan to the defined contribution plan under the reform (P.A. 300) of 2012; or (3) members who worked for a Michigan public school on or after February 1, 2018 and did not elect participation in the Pension Plus 2 plan. Members who worked for a Michigan public school on or after September 4, 2012 and elected to be enrolled in the defined contribution plan receive a 100% match of the member contribution rate up to a maximum of 3% based on the member's gross earnings. Additionally, there is a mandatory employer contribution of 4% of the member's gross earnings for MPSERS members who elected to convert from a Basic or MIP benefit plan to the defined contribution benefit plan. Members electing the Pension Plus or Pension Plus 2 benefit plan receive a 50% match of the member's contribution percent up to a maximum of 1% based on the member's gross earnings. Effective October 1, 2017, there is a mandatory employer contribution of 4% of the member's gross earnings for members who elect the Defined Contribution benefit plan. The employer must match 100% of the employee contribution for any member who elected the Personal Healthcare Fund up to a maximum of 2% of the member's gross earnings. For all members with a Personal Health Care Fund (PHF), the first 2% of DC contributions must go into the PHF and must be matched 100% by the employer.

Notes to Financial Statements

Other Postemployment Benefits Provided

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2021 valuation will be amortized over a 17-year period beginning October 1, 2021 and ending September 30, 2038.

Notes to Financial Statements

The table below summarizes pension contribution rates in effect for fiscal year 2023, which excludes supplemental MPSERS UAAL employer stabilization contributions that are passed through the College to MPSERS based on rates ranging from 15.05% - 16.65% on prior year covered payroll:

| Benefit Structure | Member Rates | Employer Rates |
|------------------------|-----------------|-----------------|
| Basic | 0.00% - 4.00% | 20.14% - 20.16% |
| Member Investment Plan | | |
| (MIP) | 3.00% - 7.00% | 20.14% - 20.16% |
| Pension Plus | 3.00% - 6.40% | 17.22% - 17.24% |
| Pension Plus 2 | 6.20% | 19.93% - 19.95% |
| Defined Contribution | 0.00% | 13.73% - 13.75% |

Required contributions to the pension plan from the College were \$4,254,359, \$3,190,101 and \$3,148,722 for the years ended June 30, 2023, 2022 and 2021, respectively.

The table below summarizes OPEB contribution rates in effect for fiscal year 2023:

| Benefit Structure | Member Rates | Employer Rates |
|-----------------------------------|-----------------|----------------|
| Premium Subsidy | 3.00% | 8.07% - 8.09% |
| Personal Healthcare Fund (PHF) | 0.00% | 7.21% - 7.23% |

Required contributions to the OPEB plan from the College were \$731,601, \$738,266 and \$728,447 for the years ended June 30, 2023, 2022 and 2021, respectively.

The table below summarizes defined contribution rates in effect for fiscal year 2023:

| Benefit Structure | Member Rates | Employer Rates |
|--|-----------------|----------------|
| Defined Contribution Personal Healthcare Fund | 0.00% - 3.00% | 0.00% - 7.00% |
| (PHF) | 0.00% - 2.00% | 0.00% - 2.00% |

For the years ended June 30, 2023, 2022 and 2021, required and actual contributions from the College for those members with a defined contribution benefit were \$132,697, \$109,293 and \$104,151, respectively.

Notes to Financial Statements

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023 and 2022, the College reported a liability of \$36,117,921 and \$24,562,113, respectively, for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2022 and 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 30, 2021 and 2020. The College's proportion of the net pension liability was determined by dividing each employer's statutorily required pension contributions to the system during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2022, the College's proportion was 0.09604%, which was a decrease of 0.00771% points from its proportion measured as of September 30, 2021 of 0.10375%.

For the year ended June 30, 2023, the College recognized pension expense of \$2,403,726. At June 30, 2023, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| 2023 | Deferred Outflows of Resources | Deferred Inflows of Resources | Net Deferred Outflows (Inflows) of Resources |
|---|--------------------------------------|-------------------------------------|--|
| Differences between expected | | | |
| and actual experience | \$ 361,305 | \$ 80,756 | \$ 280,549 |
| Changes in assumptions | 6,206,353 | - | 6,206,353 |
| Net difference between projected and actual | | | |
| earnings on pension plan investments | 84,697 | - | 84,697 |
| Changes in proportion and differences | | | |
| between employer contributions and | | | |
| proportionate share of contributions | | 4,024,123 | (4,024,123) |
| | 6,652,355 | 4,104,879 | 2,547,476 |
| College contributions subsequent to the | | | |
| measurement date | 3,863,653 | - | 3,863,653 |
| Pension portion of Sec 147c state aid award | | | |
| subsequent to the measurement date | | 2,547,291 | (2,547,291) |
| Total | \$ 10,516,008 | \$ 6,652,170 | \$ 3,863,838 |

Notes to Financial Statements

The amount reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. The amount reported as deferred inflows of resources resulting from the pension portion of state aid payments received pursuant to Sec 147c of the State School Aid Act (PA 94 of 1979), will be recognized as state appropriations revenue for the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30 | Amount | | | | | |
|-----------------------|-----------------|--|--|--|--|--|
| 2024 | 6 445 500 | | | | | |
| 2024 | \$ 145,533 | | | | | |
| 2025 | 89 <i>,</i> 376 | | | | | |
| 2026 | 446,840 | | | | | |
| 2027 | 1,865,727 | | | | | |
| Total | \$ 2,547,476 | | | | | |

For the year ended June 30, 2022, the College recognized pension expense of \$1,063,445. At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| 2022 | Deferred Outflows of Resources | Deferred Inflows of Resources | Net Deferred Outflows (Inflows) of Resources |
|---|--------------------------------------|-------------------------------------|--|
| Differences between expected | | | |
| and actual experience | \$ 380,478 | \$ 144,642 | \$ 235,836 |
| Changes in assumptions | 1,548,308 | - | 1,548,308 |
| Net difference between projected and actual | | | |
| earnings on pension plan investments | - | 7,896,641 | (7,896,641) |
| Changes in proportion and differences | | | |
| between employer contributions and | | | |
| proportionate share of contributions | - | 3,702,502 | (3,702,502) |
| | 1,928,786 | 11,743,785 | (9,814,999) |
| College contributions subsequent to the | | | |
| measurement date | 2,870,560 | - | 2,870,560 |
| Pension portion of Sec 147c state aid award | | | |
| subsequent to the measurement date | | 1,467,480 | (1,467,480) |
| Total | \$ 4,799,346 | \$ 13,211,265 | \$ (8,411,919) |

Notes to Financial Statements

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023 and 2022, the College reported a liability of \$2,059,631 and \$1,495,114, respectively, for its proportionate share of the MPSERS net OPEB liability. The net OPEB liability was measured as of September 30, 2022 and 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by actuarial valuations rolled forward from September 30, 2021 and 2020. The College's proportion of the net OPEB liability was determined by dividing each employer's statutorily required OPEB contributions to the system during the measurement period by the percent of OPEB contributions required from all applicable employers during the measurement period. At September 30, 2022, the College's proportion was 0.09724%, which was a decrease of 0.00071% points from its proportion measured as of September 30, 2021 of 0.09795%.

For the year ended June 30, 2023, the College recognized a reduction to OPEB expense of \$1,261,628. At June 30, 2023, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| 2023 | Deferred Outflows of Resources | Deferred Inflows of Resources | Net Deferred Outflows (Inflows) of Resources |
|---|--------------------------------------|-------------------------------------|--|
| Differences between expected and | | | |
| actual experience | \$- | \$ 4,034,029 | \$ (4,034,029) |
| Change in assumptions | 1,835,815 | 149,483 | 1,686,332 |
| Net difference between projected and actual | | | |
| earnings on OPEB plan investments | 160,976 | | - 160,976 |
| Changes in proportion and differences between | | | |
| employer contributions and proportionate | | | |
| share of contributions | 9,537 | 1,137,254 | (1,127,717) |
| | 2,006,328 | 5,320,766 | (3,314,438) |
| College contributions subsequent to the | | | |
| measurement date | 564,155 | | 564,155 |
| Total | \$ 2,570,483 | \$ 5,320,766 | \$ (2,750,283) |

Notes to Financial Statements

The amount reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year Ended June 30 | Amount |
|-----------------------|----------------|
| 2024 | \$ (1,194,330) |
| 2025 | (1,015,071) |
| 2026 | (880,439) |
| 2027 | (161,185) |
| 2028 | (61,395) |
| Thereafter | (2,018) |
| Total | \$ (3,314,438) |

For the year ended June 30, 2022, the College recognized a reduction to OPEB expense of \$1,283,352. At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| 2022 | Deferred Outflows of Resources | Deferred Inflows of Resources | Net Deferred Outflows (Inflows) of Resources |
|---|--------------------------------------|-------------------------------------|--|
| Differences between expected and | | | |
| actual experience | \$- | \$ 4,267,695 | \$ (4,267,695) |
| Change in assumptions | 1,249,841 | 187,023 | 1,062,818 |
| Net difference between projected and actual | | | |
| earnings on OPEB plan investments | | - 1,126,894 | (1,126,894) |
| Changes in proportion and differences between | | | |
| employer contributions and proportionate | | | |
| share of contributions | 14,727 | 1,540,527 | (1,525,800) |
| | 1,264,568 | 7,122,139 | (5,857,571) |
| College contributions subsequent to the | | | |
| measurement date | 601,320 | | 601,320 |
| Total | \$ 1,865,888 | \$ 7,122,139 | \$ (5,256,251) |

Notes to Financial Statements

Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The total pension and OPEB liabilities in the September 30, 2021 and 2020 actuarial valuations (for the fiscal years ended June 30, 2023 and 2022) were determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial cost method | Entry age, normal |
|---|--|
| Wage inflation rate Investment rate of return: | 2.75% |
| MIP and Basic plans (non-hybrid) | 6.00% (6.80% in 2020) |
| Pension Plus plan (hybrid) | 6.00% (6.80% in 2020) |
| Pension Plus 2 plan (hybrid) | 6.00% |
| OPEB plans | 6.00% (6.95% in 2020) |
| Projected salary increases | 2.75% - 11.55%, including wage inflation at 2.75% |
| Cost of living adjustments | 3% annual non-compounded for MIP members |
| Healthcare cost trend rate | Pre-65: 7.75% Year 1 graded to 3.5% Year 15; 3.0% Year 120 |
| | Post-65: 5.25% Year 1 graded to 3.5% Year 15; 3.0% Year 120 |
| Mortality | RP-2014 Male and Female Employee Annuitant Mortality |
| | Tables, adjusted for mortality improvements using projection |
| | scale MP-2017 from 2006. For retirees, the tables were scaled |
| | by 82% for males and 78% for females. For active members, |
| | 100% of the table rates were used for both males and females. |
| Other OPEB assumptions: | |
| Opt-out assumptions | 21% of eligible participants hired before July 1, 2008 and 30% |
| | of those hired after June 30, 2008 are assumed to opt-out of |
| | the retiree health plan. |
| Survivor coverage | 80% of male retirees and 67% of female retirees are assumed |
| | to have coverages continuing after the retiree's death. |
| Coverage election at retirement | 75% of male and 60% of female future retirees are assumed to |
| | elect coverage for 1 or more dependents. |

Assumption changes as a result of an experience study for the period 2012 through 2017 have been adopted by the System for use in the annual pension and OPEB valuations beginning with the September 30, 2018 valuation. The total pension and OPEB liabilities as of September 30, 2022, are based on the results of an actuarial valuation date of September 30, 2021, and rolled forward using generally accepted actuarial procedures, including the experience study. The recognition period for pension liabilities is 4.3922 years which is the average of the expected remaining service lives of all employees. The recognition period for OPEB liabilities is 6.2250 years which is the average of the expected remaining service lives of all employees. The recognition period for assets is 5 years.

Notes to Financial Statements

Assumption changes as a result of an experience study for the period 2012 through 2017 have been adopted by the System for use in the annual pension and OPEB valuations beginning with the September 30, 2018 valuation. The total pension and OPEB liabilities as of September 30, 2021, are based on the results of an actuarial valuation date of September 30, 2020, and rolled forward using generally accepted actuarial procedures, including the experience study. The recognition period for pension liabilities is 4.4367 years which is the average of the expected remaining service lives of all employees. The recognition period for OPEB liabilities is 6.1312 years which is the average of the expected remaining service lives of all employees. The recognition period for assets is 5 years.

Changes in assumptions - September 30, 2021 Valuation. The payroll growth assumption for amortization purposes used in determining the fiscal year 2024 employer contributions decreased from 2.5% to 2.0%. Additionally, the discount rate used in the September 30, 2021 actuarial valuation decreased to 6.00% for the MIP and Basic plans, 6.00% for the Pension Plus Plan, and 6.00% for OPEB.

Changes in assumptions - September 30, 2020 Valuation. The payroll growth assumption for amortization purposes used in determining the fiscal year 2023 employer contributions decreased from 3.0% to 2.5%. The healthcare cost trend rate used in the September 30, 2020 actuarial valuation increased to 7.75%.

Long-Term Expected Return on Pension Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2022 and 2021, are summarized in the following tables:

| 2022 | Asset Class | Target Allocation | Long-Term Expected Real Rate of Return | Expected Money- Weighted Rate of Return |
|-----------------|------------------------|----------------------|---|---|

Long-term Expected Return on OPEB Plan Assets

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2022 and 2021, are summarized in the following tables:

| 2022 | Asset Class | Target Allocation | Long-term Expected Real Rate of Return | Expected Money- Weighted Rate of Return |
|-------------|----------------------------|----------------------|---|---|
| | | | | |
| Domestic e | equity pools | 25.00% | 4.77% | 1.19% |

Rate of Return

For the fiscal year ended September 30, 2022, the annual money-weighted rate of return on pension and OPEB plan investments, net of pension and OPEB plan investment expense, was -4.18% and -4.99%, respectively. For the fiscal year ended September 30, 2021, the annual money-weighted rate of return on pension and OPEB plan investments, net of pension and OPEB plan investment expense, was 27.30% and 27.14%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount Rate

For the fiscal year ended September 30, 2022, a discount rate of 6.00% was used to measure the total pension and OPEB liabilities. This discount rate was based on the long-term expected rate of return on pension and OPEB plan investments of 6.00%. The projection of cash flows used to determine these discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension and OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities.

Notes to Financial Statements

For the fiscal year ended September 30, 2021, a discount rate of 6.80% was used to measure the total pension liability (6.80% for the Pension Plus plan, 6.0% for the Pension Plus 2 plan, both of which are hybrid plans provided through non-university employers only) and a discount rate of 6.95% was used to measure the total OPEB liability. This discount rate was based on the long-term expected rate of return on pension and OPEB plan investments of 6.80% (6.80% for the Pension Plus plan, 6.0% for the Pension Plus 2 plan) and 6.95%, respectively. The projection of cash flows used to determine these discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension and OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the

Sensitivity of College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 6.00%, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher as of June 30, 2023:

| | | Current | |
|----------------------------------|---------------|----------------------|---------------|
| | 1% Decrease | Discount Rate | 1% Increase |
| | (5.00%) | (6.00%) | (7.00%) |
| | | | |
| College's proportionate share of | | | |
| the net pension liability | \$ 47,662,238 | \$ 36,117,921 | \$ 26,604,884 |

The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 6.80% (6.80% for the Pension Plus plan, 6.0% for the Pension Plus 2 plan), as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher as of June 30, 2022:

| | 1% Decrease (5.80% / 5.80% / 5.00%) | Current Discount Rate (6.80% / 6.80% / 6.00%) | 1% Increase (7.80% / 7.80% / 7.00%) | |
|--|--|---|--|--|
| College's proportionate share of the net pension liability | \$ 35,117,161 | \$ 24,562,113 | \$ 15,811,287 | |

Notes to Financial Statements

Sensitivity of College's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the College's proportionate share of the net OPEB liability calculated using the discount rate of 6.00%, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher as of June 30, 2023:

| | 19 | 6 Decrease (5.00%) | Current count Rate (6.00%) | 1 | l% Increase (7.00%) |
|---|----|-----------------------|----------------------------------|----|------------------------|
| College's proportionate share of the net OPEB liability | \$ | 3,454,833 | \$ 2,059,631 | \$ | 884,698 |

The following presents the College's proportionate share of the net OPEB liability calculated using the discount rate of 6.95%, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher as of June 30, 2022:

| | 1% Decrease (5.95%) | Current Discount Rate (6.95%) | 1% Increase (7.95%) |

| College's proportionate share of the net OPEB liability | \$ 2,778,191 | \$ 1,495,114 | \$ 406,239 |

Sensitivity of College's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the College's proportionate share of the net OPEB liability calculated using the assumed trend rates, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a trend rate that is 1 percentage point lower or 1 percentage higher as of June 30, 2023:

| | 1% | Decrease | н | Current lealthcare cost Trend Rate | 1 | % Increase |
|---|----|----------|----|---|----|------------|
| College's proportionate share of the net OPEB liability | \$ | 862,475 | \$ | 2,059,631 | \$ | 3,403,463 |

Notes to Financial Statements

The following presents the College's proportionate share of the net OPEB liability calculated using the assumed trend rates, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a trend rate that is 1 percentage point lower or 1 percentage higher as of June 30, 2022:

| | 1% | Decrease | Current Healthcare Cost Trend Rate | 1% Increase | |
|---|----|----------|---|--------------|--|
| ge's proportionate share of net OPEB liability | \$ | 363,899 | \$ 1,495,114 | \$ 2,767,866 | |

Pension and OPEB Plans Fiduciary Net Position

Detailed information about the pension and OPEB plan's fiduciary net position is available in the separately issued MPSERS financial statements available on the State of Michigan Office of Retirement Services website at www.michigan.gov/orsschools.

Payable to the Pension Plan

As of June 30, 2023, the College reported a payable of \$340,276 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2023. As of June 30, 2022, the College reported a payable of \$331,012 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2022.

Payable to the OPEB Plan

At June 30, 2023, the College reported a payable of \$23,167 for the outstanding amount of OPEB contributions to the Plan required for the year ended June 30, 2023. At June 30, 2022, the College reported a payable of \$27,513 for the outstanding amount of OPEB contributions to the Plan required for the year ended June 30, 2022.

Defined Contribution Plan

As an alternative to the MPSERS option, the College offers all full-time faculty and administrative employees the opportunity to participate in the Teachers' Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF). Funding for the plan consists of employer contributions of 15.00% - 25.73% and employee contributions of 4.00% for the year ended June 30, 2023 and employer contributions of 15.00% - 25.73% and employee contributions of 4.00% for the year ended June 30, 2022. As of June 30, 2023 and 2022, the plan had 24 and 20 members respectively. Benefits are vested immediately. Compensation covered under the plan for the year ended June 30, 2023 was \$1,763,399, resulting in contributions of \$355,240 and \$93,325 from the College and employees, respectively. Compensation covered under the plan for the year ended June 30, 2022 was \$1,641,608, resulting in contributions of \$350,309 and \$89,309 from the College and employees, respectively.

Notes to Financial Statements

8. RISK MANAGEMENT

Risk-Sharing Programs

The Michigan Community College Risk Management Authority ("MCCRMA") risk pool program operates as a claims servicing pool for amounts up to member retention limits and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to MCCRMA, which MCCRMA uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the College.

The College is self-insured for certain medical and dental benefits paid on behalf of its employees. Payments are made to the third-party plan administrator based on actual claims. A startup amount is expected to cover claims that have been incurred but not reported. The College has employed an outside consultant to monitor the plan. Expenditures related to the dental plans during the year ended June 30, 2023 and 2022 totaled \$54,156 and \$37,417, respectively. Expenses related to the medical plan during the years ended June 30, 2023 and 2022 totaled \$1,938,180 and \$1,404,595 respectively, which includes an estimate of claims incurred but not reported at June 30, 2023 and 2022.

| | Dental Liability | | | | | |
|------------------------------------|------------------|--------------------------|----|--------------------------|------|--------------------------|
| | | 2023 | | 2022 | 2021 | |
| Unpaid claims - beginning of year | \$ | 1,557 | \$ | 8,185 | \$ | 11,307 |
| Incurred claims | | 54,156 | | 37,417 | | 91,277 |
| Claims payments | | (54,445) | | (44,045) | | (94,399) |
| Unpaid claims - end of year | \$ | 1,268 | \$ | 1,557 | \$ | 8,185 |
| | | | He | alth Liability | | |
| | | 2023 | | 2022 | | 2021 |
| Unpaid claims - beginning of year | \$ | 101,921 | \$ | 60,091 | \$ | 64,879 |
| Incurred claims Claims payments | | 1,938,180 (1,981,022) | | 1,404,595 (1,362,765) | | 1,771,677 (1,776,465) |
| Unpaid claims - end of year | Ś | 59,079 | | | | 60,091 |

Notes to Financial Statements

9. CONTINGENCIES

The College receives significant financial assistance from the State and Federal agencies in the form of grants and awards. The use of these funds generally requires compliance with grantor terms and conditions and is subject to audit by the grantor agency. Disallowed expenditures resulting from grantor audits could become a liability of the College, however, management believes that any future disallowances would not have a material effect on the College's financial statements.

10. NET INVESTMENT IN CAPITAL ASSETS

The following is a summary of the net investment in capital assets as of June 30:

| | 2023 | 2022 |
|---|-------------------------------------|-------------------------------------|
| Capital assets, not being depreciated Capital assets, being depreciated | \$ 3,480,486 40,567,142 | \$ 2,794,962 42,255,276 |
| Net payables related to the acquisition of capital assets Long-term obligations - current portion | (238,370) (334,853) | (65,457) (334,853) |
| Long-term obligations - noncurrent portion Total net investment in capital assets | (5,332,650) \$ 38,141,755 | (5,667,503) \$ 38,982,425 |
| Total net investment in capital assets | \$ 38,141,755 | \$ 38,982,425 |

11. FOUNDATION LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the statements of net position date, comprise the following for the Foundation as of June 30:

| | 2023 | 2022 |
|---|-----------------|-----------------|
| Financial assets | | |
| Cash and cash equivalents | \$ 228,775 | \$ 363,633 |
| Short-term investments | 4,573,113 | 4,065,164 |
| | 4,801,888 | 4,428,797 |
| Less amounts unavailable for general expenditures | | |
| within one year due to: | | |
| Board-designated net assets | 1,147,378 | 1,348,749 |
| Net position with donor restrictions | 310,941 | 412,756 |
| Total financial assets available for general use | | |
| within one year | \$ 3,343,569 | \$ 2,667,292 |

The endowment funds consist of donor-restricted endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

Notes to Financial Statements

12. FUNCTIONAL ALLOCATION OF EXPENSES - FOUNDATION

The tables below present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are generally allocated between program services and supporting services based on specific identification. The Foundation's program services and supporting services are included in student services and institutional administration expenses, respectively, in the accompanying statements of revenues, expenses, and changes in net position.

Notes to Financial Statements

13. MID MICHIGAN COLLEGE FOUNDATION

Mid Michigan College Foundation (the "Foundation") is a legally separate, tax-exempt component unit of Mid Michigan College (the "College"). The Foundation acts primarily as a fundraising organization to supplement the resources that are available to the College in support of its programs. The Board of the Foundation is self-perpetuating and consists of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, which the Foundation holds and invests, is restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College and discretely presented in the College's financial statements.

Financial information for the Foundation is reported using accounting principles generally accepted in the United States of America for not-for-profit entities. Specific differences from the College are related to the reporting of promises to give and grants payable, which are reported when they are unconditional. At June 30, 2023 and 2022, the stated value of the net position of the Foundation totaled \$5,689,053 and \$5,358,959, respectively.

During fiscal 2021, the Board of Directors designated net assets for a specific purpose. The board designated net assets was \$1,147,378 and \$1,348,749 at June 30, 2023 and 2022, respectively.

Restricted net position consists of the following at June 30:

| | 2023 | | 2022 |
|--|------|--------------------|-------------------------|
| Expendable net assets: For a specified purpose: Scholarships and grants Athletics Subject to endowment spending policy and | \$ | 110,168 70,098 | \$ 84,634 136,006 |
| appropriation: Accumulated investment gains | | 130,675 310,941 | 192,116 412,756 |
| Nonexpendable endowments Subject to endowment spending policy and appropriation: Scholarships and grants | | 1,661,744 | 1,351,804 |
| Total restricted net position | \$ | 1,972,685 | \$ 1,764,560 |

Notes to Financial Statements

Changes in net assets with donor restrictions, subject to expenditures for specified purpose for the years ended June 30 consist of the following:

| | 2023 | 2022 |
|---|---------------|---------------|
| Subject to expenditures for specified purpose, | | |

14. FOUNDATION ENDOWMENT

The Foundation's permanent endowments consist of 25 individual, donor-restricted funds established for student scholarships. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted the State of Michigan Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, net assets with donor restrictions consist of the original value of gifts to the endowment and the original value of subsequent gifts to the endowment. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by use in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

(1) The duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

From time to time, certain donor-restricted endowment funds may have fair values less than the amounts required to be maintained by donors or by law (underwater endowments). The Foundation has interpreted SPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. At June 30, 2023 and 2022, management has determined underwater endowments to be insignificant.

Notes to Financial Statements

Endowment net asset composition by type of fund as of June 30:

| | 2023 | 2022 |
|---|-----------------|-----------------|
| Endowment funds with donor restrictions: | | |
| Original donor-restricted gift amount and | | |
| amounts required to be maintained | | |
| in perpetuity by donor | \$ 1,661,744 | \$ 1,351,804 |
| Accumulated investment gains | 130,675 | 192,116 |
| | \$ 1,792,419 | \$ 1,543,920 |

Changes in endowment net assets all of which are donor restricted for the years ended June 30:

| | 2023 | 2022 |
|--|--|---|
| Endowment net assets - beginning of year Contributions Net investment return Appropriation of endowment assets for expenditure Reclassifications | \$ 1,543,920 64,843 27,261 (87,237) 243,632 | \$ 1,481,729 58,495 64,428 (60,732) |
| Endowment net assets, end of year | \$ 1,792,419 | \$ 1,543,920 |

During 2023, Foundation management became aware of new information related to the board designations regarding certain existing funds. As a result, management determined that the funds are restricted funds. Accordingly, the Foundation reclassified the initial board-designated amount of these funds of \$243,632 to nonexpendable scholarships and grants.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity. Under this policy, as approved by the board of directors, the endowment assets are invested to achieve the primary objective of being the safety of principal and secondary objective being income and growth.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation has implemented the following guidelines to achieve a diversified asset allocation of 40-60 percent for equity investments and 30-60 percent fixed income assets. Exposure within each asset class is determined by (1) the Foundation's investment objectives and risk tolerance, (2) the prevailing relative valuation between the primary competing assets classes (fixed income and equities), and (3) the fundamental strength of the economy.

Notes to Financial Statements

Spending Policy and How the Investment Objectives Relate to Spending Policy

Through a resolution by the Foundation's board of trustees, the Foundation distributes income from unrestricted endowed funds of no more than 5 percent of a five-year moving average of the market value of the unrestricted investment portfolio (calculated using the prior five June 30 year-end financial reports). In the event that current income does not provide for a 5 percent distribution, income remaining after any fees can be distributed. This amount may be supplemented with previously accumulated retained earnings at the discretion of the Foundation.

15. RELATED PARTY TRANSACTIONS

Management is not aware of any related party transactions, other than the transactions with the Mid Michigan College Foundation.

Notes to Required Supplementary Information

Pension Information

GASB 68 was implemented in fiscal year 2015. The pension plan schedules are being built prospectively. Ultimately, 10 years of data will be presented.

The amounts presented in the schedule of the College's Proportionate Share of the Net Pension Liability were determined as of September 30 of the preceding year (the plan year).

The significant changes in assumptions for each of the fiscal years ended June 30 were as follows:

- 2023 The payroll growth assumption for amortization purposes used in determining the fiscal year 2024 employer contributions decreased from 2.5% to 2.0%. Additionally, the discount rate used in the September 30, 2021 actuarial valuation decreased to 6.00% for the MIP and Basic plans, and 6.00% for the Pension Plus Plan.
- 2022 The payroll growth assumption for amortization purposes used in determining the fiscal year 2023 employer contributions decreased from 3.0% to 2.5%.
- 2021 The payroll growth assumption for amortization purposes used in determining the fiscal year 2022 employer contributions decreased from 3.5% to 3.0%.
- 2020 The discount rate used in the September 30, 2018 actuarial valuation decreased to 6.80% for the MIP and Basic plans, 6.80% for the Pension Plus Plan, and 6.00% for the Pension Plus 2 Plan.
- 2019 The discount rate used in the September 30, 2017 actuarial valuation decreased to 7.05% for the MIP and Basic plans, 7.00% for the Pension Plus plan, and 6.00% for the Pension Plus 2 Plan.
- 2018 The discount rate used in the September 30, 2016 actuarial valuation decreased to 7.50% for the MIP and Basic plans and 7.00% for the Pension Plus Plan.

OPEB Information

GASB 75 was implemented in fiscal year 2018. The OPEB plan schedules are being built prospectively. Ultimately, 10 years of data will be presented.

The amounts presented in the schedule of the College's Proportionate Share of the Net OPEB Liability were determined as of September 30 of the preceding year (the plan year).

The significant changes in assumptions for each of the fiscal years ended June 30 were as follows:

- 2023 The payroll growth assumption for amortization purposes used in determining the fiscal year 2024 employer contributions decreased from 2.5% to 2.0%. Additionally, the discount rate used in the September 30, 2021 actuarial valuation decreased to 6.00%.
- 2022 The payroll growth assumption for amortization purposes used in determining the fiscal year 2023 employer contributions decreased from 3.0% to 2.5%. The healthcare cost trend rate used in the September 30, 2020 actuarial valuation increased to 7.75%.
- 2021 The payroll growth assumption for amortization purposes used in determining the fiscal year 2022 employer contributions decreased from 3.5% to 3.0%. The healthcare cost trend rate used in the September 30, 2019 actuarial valuation decreased to 7.0%.
- 2020 The discount rate used in the September 30, 2018 actuarial valuation decreased to 6.95%.
- 2019 The discount rate used in the September 30, 2017 actuarial valuation decreased to 7.15%.
