Item V-A: Tuition Rate Approval

Presenter: Lillian Frick
Board Consideration: Information/Action

President's Recommendation:
Motion to approve a 4% tuition rate increase for all students, effective for the 2021 Fall term.

Vice President of Finance and Facilities Lillian Frick will present information regarding the final tuition rates for the 2021-2022 fiscal year. Mid continues to have the second lowest millage rate in the state. That, combined with the low taxable property values in our district results in the lowest property tax support per student among Michigan community colleges.

Although Mid has received some additional federal funding in the form of COVID relief, the focus of those grants is student assistance. Accordingly, the restrictions on its use are rigid and do little to help with budgetary challenges and constraints. Mid’s tuition rates have remained competitive with other Michigan community colleges despite our heavy reliance on tuition and fee revenue. For the 2021-2022 academic year, the State has proposed a restraint on tuition rate increases for all Michigan community colleges of 4.2%.

In order to sustain operations and stay within the proposed restraint, the college’s administration recommends the Board approve a 4% tuition rate increase for all students, effective for the 2021 Fall term.

ASSUMPTIONS

The 2022 Fiscal Year estimate is based on the following:

- Enrollment is preliminarily estimated to increase by 1% for fiscal year 2022. At this time the Board of Trustees has not approved any tuition or fee adjustments; all such adjustments are at the sole discretion of the Board of Trustees and will be considered as part of the annual budget process. The above projections are based on an average tuition rate increase of less than 3%.
- Non-credit tuition and fee revenue is expected to remain constant with projected 2021 levels.
- State appropriations are expected to remain constant.
- Property tax revenues are expected to increase 3% from the 2021 levels.
- The large increase in grant revenue is due to additional federal CRRSAA (HEERF II) funding. Although this appears to be a large influx of cash to the budget, its use is highly restricted so it does not provide a significant level of general fund budget relief.
• Other operating revenue is expected to decline with continued loss of market share for auxiliary services.
• Other income is projected consistent with 2021 levels.

Therefore, it is expected that the Board indicate its intention of levying the fully voted 1.5 of the current voter millage, subject to such modification as might be imposed by the provision of Section 31 of the Constitution of the State of Michigan (Headlee Amendment).

In summary, it is not required or intended that the Board of Trustees adopt at this time a budget or approve the final sources of revenue for 2021-22 fiscal year. The presented action item is required to meet a statutory obligation.

Item VI-E: Approval for Benefits Administration Consultant Request

Presenter: Lori Fassett

Board Consideration: Information/Action

President’s Recommendation:
Motion to approve contracting with Advantage Benefits Group as its Benefits Consultant effective July 1, 2021 for a three year engagement period, contingent on satisfactory implementation and performance in the first year.

Associate Vice President of Human Resources Lori Fassett will be presenting information regarding the request for proposal that were sent out regarding benefits administration and requesting that Mid contract with Advantage Benefits Group.
To: Mid Board of Trustees

From: Lori Fassett – AVP of Human Resources

Re: Request Approval for Benefits Administration Consultant

On January 13, 2021 a Request for Proposal (RFP) was sent out to nine (9) Benefit Consultant Firms located in Michigan, with a response due date of February 26, 2021.

Key components of the RFP included: access to an online benefits administration system; capability for benefit plan design solutions for cost containment and/or savings; strategic plans for pharmaceutical cost reductions; benefit compliance support; increased employee engagement; and overall cost for consultant services.

On March 10 and 11, 2021 the Human Resources team of Lori Fassett, David Ferris and Dawn Tanner, along with Lillian Frick, VP of Finance and Facilities conducted 1.5-hour long interviews with each of the firms. An evaluation rubric was employed to assist in the evaluation process.

The interview committee agreed that there were several competent firms but after much discussion the team came to the consensus that Advantage Benefits Group out of Grand Rapids is the best fit for Mid at a reasonable cost.

Below you will find the cost estimates from each vendor noting that Advantage is comparable in cost to the other firms.
