

Mid Michigan College (MID) has established the EDUStaff Tuition Fund (ETF) for EDUStaff Adjunct Instructors (includes credit & non-credit instructors) and EDUStaff employees in Permanent Part-Time positions (as outlined below) assigned to Mid Michigan College.

EDUStaff Employees assigned to Mid Michigan College in either an adjunct or permanent part-time capacity may apply to the fund for themselves or on behalf of their spouse and/or IRS dependent children for tuition costs and fees for up to six (6) credit hours per semester. The EDUStaff employee must be assigned to and working at or in a program or department for MID during the semester in which the scholarship is applied.

EDUStaff employees, spouse and/or IRS dependent children must declare a degree or certificate program and can receive tuition funds up to a total of 62 credit hours towards the selected degree.

Scholarship recipients must successfully complete the class(s) with a 2.0 GPA or higher.

Failure to complete the course with a 2.0 GPA or higher, NOT completing the course, dropping the course beyond the full refund date, or EDUStaff employee separates employment with MID during the concurrent semester, will result in a reimbursement bill to the employee equal to the awarded amount for that semester. Non-payment of the reimbursement bill by the following semester de-registration date could result in the student being de-registered for the following semester.
