Program Description
The Mid Michigan Community College Foundation’s Students of Promise Program promotes cultural awareness, academic achievement, and higher education to academically promising students who face significant challenges in their lives.

Up to twenty-five 7th grade students are nominated and selected for the program each year. These students participate in the program through graduation from high school.

The students are encouraged to reach their highest potential through activities and opportunities that broaden their horizons, expose them to higher education, and provide them with mentoring opportunities.

Students of Promise
A program sponsored by the MMCC Foundation

Program Objectives
● Serve students with high academic potential who face challenges in their lives.
● Help students realize their potential.
● Broaden the students’ horizons and expose them to cultural diversity.
● Encourage higher education as it relates to each student’s goals.

Program Participants
● Students are selected in the 7th grade and remain in the program through graduation.
● Selection is based on program appropriateness, school recommendations, socioeconomic criteria, and academic potential.
● At least four students are selected from each participating school district.

Program Activities
● Cultural, academic, and social experiences.
   -Detroit Institute of Arts, Henry Ford Museum, MMCC Theater, etc.
● Exposure to Mid Michigan Community College and campus activities.
   -Sit in on classes, shadow students, tour programs, participate in training
● In-school advising and mentoring by MMCC students, faculty, and staff.

MMCC Scholarship Availability
● Program participants may be eligible to receive a scholarship if they complete a college preparatory curriculum with a satisfactory grade point average.

Promoting:
- Cultural Awareness
- Academic Achievement
- Higher Education
- Social Development
