About the Foundation
The MMCC Foundation was established in 1987 as a 501(c) (3) non-profit organization and has a governing Board of Directors made up of local community members.

The purpose of the MMCC Foundation is to:
- Provide students with enhanced educational and cultural opportunities;
- Stimulate the interest of students, alumni, faculty and friends in supporting the development of the College.

Why Give?
Strengthen your community.
- Contributions to the Foundation benefit the entire community and its economy. Community colleges change lives by making higher education available to everyone.

Impact the lives of students.
- The MMCC Foundation funds life-changing programs, scholarships, and college initiatives.

Giving That Makes Cents
Making a charitable contribution to the MMCC Foundation provides meaningful support to the College while offering a considerable tax savings.

Consult a tax professional to determine what type and size of gift is right for you, but the federal and state tax savings can significantly reduce the actual cost of your contribution. For example, a $500 gift can actually cost as little as $145 after tax savings.

Ways to Give
Gifts you can make today.

Cash
- Gifts of cash can provide immediate resources for MMCC.

Securities and Real Estate
- Stocks, bonds, mutual funds, real estate, and other properties can make excellent contributions. A gift of such an asset may allow you to give with little or no affect on your current spendable income and you may qualify for tax incentives.

Gifts you can give now to be received later.

Bequests
- Give MMCC a specific amount, a percentage of your estate, or part of what remains after providing for loved ones. A gift by will can be arranged simply with the addition of a codicil (amendment) to your existing will.

Life Insurance
- Name the MMCC Foundation as the beneficiary of a life insurance policy or contribute a policy that is no longer needed.

Annuities and Trusts
- Receive annual income for life through several options including Charitable Gift Annuities and Charitable Remainder Trusts.

Mid Michigan Community College Foundation

What Does Your Gift Do?
Each year, thousands of students across central Michigan attend MMCC. Some are pursuing goals of enrichment, others are preparing to transfer to a university, and still others are training for a technical career. Their motives may be different, but the results are the same, a higher quality of life.

The Foundation supports these students by investing gifts in funds that will support the needs of the College for years to come. Gifts to the Foundation provide much needed resources for vital areas like scholarships, program development, and improved facilities.

Help a student prepare for a bright future.

Foundation Funds at Work

The Foundation’s Students of Promise program promotes cultural awareness, academic achievement, higher education, and social development to academically promising students who face significant challenges in their lives.

Up to twenty-five 7th grade students from local schools are nominated and selected for the program each year. These students participate in the program through graduation from high school.

The students are encouraged to reach their highest potential through activities and opportunities that broaden their horizons, expose them to higher education, and allow them to interact with positive role models.
