NOTE: It is POSSIBLE for students to complete this program in a total of 2 years after the prerequisites are completed; however, due to the intensity of the NUR courses, it is suggested that students complete the additional required academic courses while awaiting admission to the program.

NOTE: Also available is a Step-Up program which provides entrance into the Associate in Nursing Degree Program at LEVEL II for qualified licensed Practical Nurses. Credit for all LEVEL I Nursing courses are granted by virtue of an LPN License. For further information contact the Director of Nursing in the Health Wing.

NOTE: All courses in a semester must be passed with a grade of “C” or better to progress to the next semester. BIO 141 & BIO 142 courses must be passed with a grade of "B-" or better to enter the program. Students must have a minimum GPA of 2.5 in the first 22 hours of listed prerequisites. If students have taken science courses prior to admission into a specific health program, the courses must have been completed within five (5) years of the date the student formally begins the program. Prerequisites may be repeated only once.
